

Wright & Morten Equine Veterinary Surgeons

Equine Dental Services at Beaver Hall

Mark Tabachnik BSc BVM&S Cert EP BAEDT MRCVS
Vicky Nicholls Bvet Med MRCVS

We are equine veterinary surgeons with a passion for equine dentistry. Mark is also a qualified equine dental technician. Vicky will be finishing her qualifications soon. One of us will be available on the second Friday of every month for routine and non-routine dental work at Beaver Hall Equestrian Centre.

Routine dental work

This will include a full oral examination and report chart. Correcting of all commonly seen abnormalities including sharp enamel points, small hooks, profiling of the rostral 06s, and blending. All horses will be sedated to allow proper access to the back of the mouth and ensure a good quality stress free standard of work.

Cost: including sedation £65 inc. VAT, plus £5 facility fee.
(No visit charge)

Non- routine dental work

We are also available for more complex cases, including removal of large over growths, occlusal surface equilibration, referral from vets and dental technicians.

Cost: from £100 inc. sedation, facility fee and VAT
We will be able to quote more accurately based on the amount of time required for each job on a case-by-case basis.
